Greetings Foothill Intermediate Community,

I am excited and honored to introduce myself as the new principal of Foothill Intermediate and Loma Rica Elementary Schools. It is with great enthusiasm that I join this close-knit community where every student, parent, and staff member plays a vital role in our shared journey of learning and growth for Foothill Intermediate students.

Having spent over 25 years in school administration in elementary, middle and secondary education in the Yuba/Sutter communities, I bring a deep commitment to fostering a safe and caring environment where each student will thrive academically, socially, and emotionally. My passion for education stems from a belief in the power of learning and the importance of strong family and community partnerships. I received my doctorate in education focusing on family engagement. I know working together will achieve great things for students and I'm excited to continue the mission of providing stimulating and innovative educational programs for students that motivates and allows them to achieve their highest potential.

I am excited to be joining a school community that values collaboration, creativity, and critical thinking, and look forward to continuing to ensure that every student promoted is high school, career and college ready. I look forward to building on the strong foundation that Principal Vette, Foothill Intermediate faculty, staff, and the community have built and look forward to more great things for our foothill community.

As we embark on this new school year together, I look forward to meeting each of you and working closely with our talented staff, dedicated parents, and supportive community members. Together, we will continue to build upon the traditions of excellence and achievement that define Foothill Intermediate. I have great hopes for our school and am truly thrilled to be a part of this community!
